

IKB DDA Accessibility Plan 2017

Building accessibility

The accommodation within IKB and Wellsway is DDA compliant and facilities and access features will be maintained and reviewed as part of the site management plan. The maintenance and review of accessibility and DDA is part of the Wellsway MAT programme for maintenance and review.

Curriculum accessibility

Systems and features have been put in place to make sure the Curriculum is accessible to all students who have applied for or are enrolled at IKB. Enrichment activities are planned with the needs of students in mind and there is always choice enabling all students to access an enrichment activity.

Information

As any access issue become to light with the parents/carers procedures and actions will be put in place to ensure equal access to information. The school website, and parent portal will be developed to increase methods of communication with all parents, thus increasing accessibility.

Managing Change

Over three years as new students apply to IKB their individual needs to ensure full accessibility will be evaluated to ensure the school is increasing its accessibility.
